

HOLLYWOOD IMMERSIVE

Hollywood Immersive is ALL ABOUT LEARNING.

We do not promise stardom or fame from this experience.

What we do believe is that you will benefit greatly from this trip returning to Australia armed with insight, knowledge, confidence, and a sense of what the industry in Los Angeles may hold for future career prospects.

In particular you will develop new sharpened audition techniques that you will be able to apply on return to Australia when casting for roles.

Hollywood Immersive has been created to form a bridge between young actors and top industry professionals in Los Angeles. Hollywood Immersive will introduce and deliver expert training from the prestigious Margie Haber Studios whilst introducing our young actors to some of the industries top professionals. We know this will be a life changing experience for all those involved. Our classes are limited in size as to benefit all students involved and to ensure everyone is worked with thoroughly. By the end of this experience and on return to Australia, our Hollywood Immersive students will progress with a new sense of confidence in their craft and continue relationships with their tutors in Los Angeles and our team for years to come.
